### WHIRLWIND CAMPAIGN

Is Inaugurated to Raise  
Eight Thousand Dollars  
In Ten Days.

### FOR Y. M. C. A. BUILDING.

Committee Formulated at a  
Banquet Given Monday Night.

Forty leading business men attended a banquet at the Odd Fellows building Monday night by the local directors of the Y. M. C. A. for the purpose of inaugurating a whirlwind campaign to raise \$8,000 in ten days to complete the building, upon which work was stopped a year ago for lack of funds. The party assembled at eight o'clock and soon as the banquet was over Mr. F. J. Brownell, chairman of the Board of Directors, introduced Henry E. Rosevear, of Louisville, the State Secretary, as toastmaster, and the following speeches were made: "Hopkinsville's Greatest Asset, Its Young Men," Mayor C. M. Meachen; "A Four-Square Man," the Rev. Harry D. Smith; "Our Opportunity," Judge W. T. Fowler; "How We Did It," William H. Weaver, Henderson, Ky.; "The Campaign," Will A House, of Louisville; "The Ladies," T. C. Underwood.

The delightful menu was supplied by the Ladies' committee of the Young Men's Christian Association. All of the men present were made members of the Citizens' committee which will canvass the city for the additional funds to complete the building. James West, president of the Commercial and Savings Bank, was made chairman of the Executive Committee. The slogan of the committee will be, "\$8,000 in Ten Days" and the headquarters will be in the Planters' Bank.

Mr. Rosevear made an especially happy toastmaster and all of the speeches were interspersed with pleasantries and proved to be very entertaining.

Mr. Underwood's speech was in his best vein and its humor and flights of sentiment made a decided hit and the champion of the fair sex went home loaded down with floral decorations. Mr. Weaver, a young insurance agent, also insured everybody against having a dull time while he was up.

A campaign executive committee was formed with Judge W. P. Winn, chairman; J. H. Anderson, L. L. Elgin, Jas. West and F. J. Brownell. The announcement was made that \$2,000 of the \$8,000 had been guaranteed by the directors and the balance will be the work at the Planters' Bank was started with the hand pointing to that figure. It will be moved from time to time, as fast as \$100 is subscribed, until all has been raised by December 20th.

Mr. House will remain to assist in the work.

The collections yesterday afternoon amounted to \$2,300.

### MONARCH GRAIN CO.

Incorporated by Three Leading Citizens.

A company for the purpose of doing a general business in handling grain and farm products of all kinds has been incorporated under the name of The Monarch Grain Co. The capital stock is fixed at \$20,000, divided into two hundred shares at \$100 each. The incorporators are: W. D. Stowe, Thos. H. Harned and Dr. J. B. Jackson.

Matthews-Lander.  
Henderson, Ky., Dec. 11.—Miss Jimmie Bella Lander, formerly of Hopkinsville, and Mr. Sidney Matthews, of this city, were recently married in the home of the bride's aunt, Mrs. W. H. Overby, on North Green street, by Rev. J. T. Bushing, of the Methodist church.

### THE GREAT REVIVAL.

Thirty-Eight Converts Baptized at Tuesday Night's Services.

### MEETING CONTINUES.

Great Good Sure to Be Result of Dr. Jenkens' Earnest and Splendid Work.

The Baptist revival has shown no diminution of interest this week and up to Tuesday night there had been 75 additions to the church, 53 of them for baptism.

The first baptizing took place Tuesday night, and 38 of the converts were immersed in the baptistry of the church.

Fifteen others and probably more will be baptized to-night. Tuesday night Rev. J. A. Kirtley, pastor of the Locust Grove church, also baptized Miss Julia Clark, a recent addition to his church, as his church in the country has no baptismery.

The meeting will continue throughout the week, as heretofore.

### BANK AT GRACEY

Will Be Ready for Business Middle of January.

Gracey is a growing little town and in one of the best sections of the county. Its people are progressive and intelligent and since the incorporation of the place they have always done everything to build up the place and have been seconded in their efforts by the substantial farmers of the city. They are proud of Gracey and the big trade that has been built up there in the last few years, and they have good reason to be.

The business of the place and the surrounding country is now such as to demand a bank. Knowing this, the officers of the Commercial & Savings Bank of this city have arranged to open a branch bank there. Mr. Hugh C. McGehee, postmaster and merchant of that place, is to be cashier and have general control of the business. The bank will be located in his store and it goes without saying that everybody will be treated with the courtesy and fair dealing peculiar to Mr. McGehee. The branch bank will be open and ready for business the middle of next January.

Mr. McGehee is a live, energetic merchant, well known to everybody in that section and will prove highly acceptable to all in his new department in business. The bank will be located in his store and it goes without saying that everybody will be treated with the courtesy and fair dealing peculiar to Mr. McGehee. The branch bank will be open and ready for business the middle of next January.

### TOBACCO MONEY.

People Will Have Lots of Money for Christmas.

The favorable weather for the past ten days or more has put tobacco in fine condition and the loose weed has been coming in regularly every day.

The Regie buyers, the Imperial Co., the American Snuff Co., and a number of other buyers are receiving tobacco faster than it can be unloaded and the wagons have to take their places in line and wait the call of "next." The banks are busy paying out money and every man that brings in his crop goes home with a wad of greenbacks in his pocket. Of course the merchants are doing a big business and Christmas shoppers from the country are buying quite freely.

On Gracey Route.

Marquess M. Martin has been appointed a regular and Brandon Mitchell a substitute carrier on Route No. 3 at Gracey.

### LEADING LADY

Of Kennedy Stock Company  
Shot by John Kennedy.

During a production of "A Woman's Sacrifice" at Washington, Ind., by the Kennedy Stock Company, which played a week's engagement here in November, John J. Kennedy was scheduled to kill the villain in the last act. Kennedy fired and a paper wad struck the leading lady, Winifred Greenwood, in the thigh, so badly injuring her that a physician's services were required. Fire from the gun set fire to her dress, but the flames were extinguished before serious damage resulted.

The villain played his part, falling to the stage, apparently dead, and even Miss Greenwood's cry of pain failed to arouse him.

# SYRUP OF FIGS

Acts Gently;  
Acts Pleasantly;  
Acts Beneficially;  
Acts truly as a Laxative.

Syrup of Figs appeals to the cultured and the well-informed and to the healthy, because its component parts are simple and wholesome and because it acts without disturbing the natural functions, as it is wholly free from every objectionable quality or substance. In the process of manufacturing figs are used, as they are pleasant to the taste, but the medicinal virtues of Syrup of Figs are obtained from an excellent combination of plants known to be medicinally laxative and to act most beneficially. To get its beneficial effects—buy the genuine—manufactured by the

## PRAISES KENTUCKY.

Has Undeveloped Resources

Not Equalled by Any  
Other State.

Scottsville, Ky., Dec. 6, 1906.

Editor Kentuckian:—On the 22nd day of September, in conjunction with Mr. J. B. Walker, of your country, we began doing farmers' institute work in Kentucky. Our itineracy consisted of twenty-three counties located in the Southeastern part of the state, usually denominated as the hilly and mountainous, where mining and lumbering are the chief interests and where moonshiners and feudists were popularly supposed to constitute a large part of the population. As to its being hilly and mountainous, it is literally true; as to moonshiners and feudists, it is not.

In all our travels north, south and west we have never found better or more law-abiding, or temperate people; less ruffianism and drunkenness are found here than in my own town.

One of the best tests of good citizenship is the consideration given to woman and this was in evidence all the way from Harlan to Christian county. In pure agriculture, horticulture and stock-raising this part of Kentucky, as a whole, is not equal to Illinois, Indiana and Ohio, though there are small areas like parts of Warren, Allen and Simpson counties that are not surpassed in those states. In coal and timber, these twenty-three counties are unequalled east of the Mississippi river. Kentucky has too many tenants, reversing too many landlords, for best results in agriculture and kindred professions. The large land companies (so called mining) are a drawback to the extreme southeastern part of the state, as they have tenants exclusively, who are not interested in wards, schools and churches. You cannot expect a tenant to be as much interested in the material development of a locality as the one who owns, lives in and operates his farm. These counties have opportunities in stock raising and fruit growing that are not to be found in others of the sisterhood of states. Kentucky has

more lime stone soil than any other one in the union. Its blue and orchard grass, permanent pastures are not equalled anywhere. Its farm lands are cheaper from the only true standpoints, yet production than in any of those adjoining states. It occupies that happy middle ground between the land of ice and snow and that of flowers and tropical fruits all in our itineracy was both pleasant and profitable. Pleasant, because of our association with so many pure and bright men and women. Profitable, because of the many things we learned agriculture, morals and good citizenship. LOWELL ROUTENBUSH.

Stopes earache in two minutes; toothache or pain of burn or scald in five minutes; hoarseness, one hour; muscle aches, two hours sore throat, twelve hours; Dr. Thomas Electric Oil, monarch over pain.

## FIVE ARRESTS

Made Saturday, One of Them Being for Swearing.

The professional "cuss" is not having his own way this year. There have been probably a dozen arrests this year for that abominable habit. One of the five arrests Saturday was for this offence against decency on the streets and the police expect to take in every one who violates the city ordinance. There were also three arrests for drunkenness and one for breach of the peace.

**Police Matters Dull.**

Since our last issue the police have hardly had enough to do to keep up a good circulation of the blood. One fellow was arrested for loitering on the streets and two people for fornication. Every day "looks like Sunday" at police headquarters now and the blue coats are getting nervous. By their efficiency they seem to be about to place themselves in the condition in which poor Othello woke up and found himself one morning.

**"TOMB OF THE CHRISTIAN."**

Peculiar Burial Place Erected by Monarch in Algeria.

The Tomb of the Christian in Algeria is a pyramid on the summit of a hill more than 700 feet high, at the edge of the sea, says the Autocar. It dates back to before the time of St. Paul, having been built by order of Juba II, the king of Mauretania, as a burying place for himself and his wife, Cleopatra, the daughter of Cleopatra and Mark Antony. The only daughter of Mark and his wife was Drusilla, who married Festus, the governor of Judea in the time of St. Paul. The tomb can be entered by a low doorway beneath one of the four false doors. These have moldings on them of a cruciform shape and may account for the title, "The Tomb of the Christian." The passage within the pyramid winds round and eventually leads to two chambers shut off from it by folding doors, which can be moved up and down by levers. The tomb must have been rifled of all it contained centuries ago, though some think that by excavating in a downward direction it might still be possible to discover the burying places of the king and queen, supposing the two chambers, like the false doors outside, to be a blind. Doubtless, the younger Cleopatra had brought the idea of making a royal mausoleum in the shape of a pyramid from Egypt. Portions of a marble statue of Egyptian design were found at Cherchel, suggesting that an Egyptian colony may once have existed there. There are two other similar monuments in Algeria, in the provinces of Oran and Constantine, respectively, the latter being considerably older than the Tomb of the Christian, which, however, is the only one referred to in ancient writings.

**BIRDS' COURTING COLORS.**

The primary use of the flashes or bright colors exhibited by birds in flight was probably for purposes of courtship. In "displaying" before their mates birds almost always drop their wings and expand their elevated tails, thus showing off to full advantage the conspicuous colors or markings.

It is diverting sometimes to note the tricks which the males of various kinds of birds have acquired in order to display all their charms. Pigeons, for instance, are very magnificent in front, with rainbow gloss upon the throat and breast; and these are fully displayed in the act of cooing, when the male bird sweeps toward the female on tiptoe, with head erect and throat expanded.

But the pigeon is also very handsome behind, with silver-blue back and broad, black-barred tail. So, as he cannot display these when standing on tiptoe facing his mate, he pirouettes round at the conclusion of his coo, and gives her a chance of admiring his back view.

**TOO DESTRUCTIVE.**

The woman who was enjoying a drive in the country pointed with rapture to a bevy of white butterflies which was flying around and around in a dizzy circle. "Aren't they lovely?" she asked, enthusiastically.

Her companion grunted: "They may look lovely to you, but the farmers hate 'em an' eat 'em cabbage butterflies. They seem harmless enough, but their larvae devour cabbages with enormous rapidity; hence their name. When the farmer sees an unusual quantity of white butterflies hovering around he looks to his cabbages. He knows he will find myriads of little worms on them, and that it is only by the most strenuous measures he can save them. This year there have been flocks of the white butterflies, and it may mean that we are to go hungry this winter. At any rate, if you buy any cabbages, soak them a good long while in salt water before using them."

**TO A HIGHER COURT.**

Harry is the son of a lawyer who talks shop a good deal at home. He had been naughty and his mother, after getting him into a back room upstairs, approached him with a slipper upon which she had secured a firm grip.

"Hold on, ma," the boy howled, "I'm going to carry this case up, and you ain't got no right to execute judgment before we get a decision from pa."

### The Christmas Dinner.

In spite of the fact that the world dyspepsia means literally bad cook, it will not be fair for many to lay the blame on the cook if they begin the Christmas Dinner with little appetite and end it with distress or nausea. It may not be fair for any to do that—but let us hope so for the sake of the cook! The disease dyspepsia indicates a bad stomach, that is a weak stomach, rather than a bad cook, and for a weak, stomach there is nothing else equal to Hood's Sarsaparilla. It gives the stomach vigor and tone, cures dyspepsia, creates appetite, and makes eating the pleasure it should be.

**THIS CAT ATE CUCUMBERS.**  
Animal with Strange Tastes Has Been Living in Wells.

A cat that eats cucumbers and squash has just been discovered in the town of Wells and so far as known there is not another like it in York county. The animal has been living on Elm farm, which is owned by Mrs. Vesta E. Hammond, and for some years the people living on the place have been troubled by some animal eating into the cucumbers and squash and ruining a great many of them. Only the very outside of cucumbers were left and the squashes were fared away as badly.

It was a long time before it was discovered what was doing the work. The cucumbers and squash were harvested and it was thought that they would be all right in the barn. One day Charles Graves, the hired man, went into the barn rather quickly and there found the cat eating away on a ripe cucumber and had already put one of the squashes out of business so far as it ever being made into pies was concerned. Then prevented by the disposition of the cat that preferred cucumbers without any vinegar, salt and pepper to pure country milk without any water in it.

The cat is now in his last resting place as a reward for being a faithful mouse catcher.—Biddleford Journal.

In some parts of the West Indies the negroes speak with a brogue. They are descended from the slaves of the Irish adventurers who accompanied the Spanish settlers. An Irishman arriving at a West Indian port was accosted by a negro fruit vendor with "The top of the morning to ye, an' would ye be after wantin' to buy a bit of fruit, son?"

The Irishman looked at him a moment.

"An' how long have ye been here?" he asked.

"Goin' on three months, yer honor," said the vendor, thinking of the time since he had left his inland home.

"Three months, is it? Only three months an' as black as that? Faith, I'll not land."

## CUBAN MINISTER TO THE U. S.

Recommends Pe-ru-na.

Senor Quesada, Cuban Minister to the United States.

Senor Quesada, Cuban Minister to the United States, is an orator born. In an article in the Outlook for July, 1899, by George Kennan, who heard Quesada speak at the Pan American Exposition, Columbus, Ohio, said that he "had seen no audience under the spell of eloquent speech and in the grip of strong emotional excitement, but I have rarely witnessed such a scene as that at the close of Quesada's eulogy upon the dead patriot, Marti." In a letter to the Peruana Drug Mfg. Co., written from Washington, D. C., Senor Quesada says:

**"Peruna I can recommend as a very good medicine. It is an excellent strengthening tonic, and it is also an efficacious cure for the almost universal complaint of catarrh." ---Gonzalo De Quesada.**

There is no remedy in the world which has proven so popular for catarrh as Peruna. It has been used for more than thirty years and cured thousands of cases.

*"I feel better in the head and body. I am cold easily and was dizzy-headed."*

*"I was all rundown and hardly able to work at all when I began using Peruna."*

*"But, now, after using it about six months I am well and strong."*

**RELIC OF THE MAYFLOWER.**  
Dishes from Historic Ship Cherished  
as Heirlooms by Denver Woman.

Probably few are aware of the fact, but a direct descendant of a signer of the declaration of independence and a man who crossed to the new world in the Mayflower is living in Denver. She is Lula Electa Bartlett, great granddaughter of Josiah Bartlett, who signed the declaration of independence. Her great great grandfather was one of the men who faced privation and hunger to cross the water in the Mayflower.

Elisha Bartlett remained on the soil later called Massachusetts. It is from him that Miss Lula Electa is descended.

Although the Bartletts who came before her ranked with the elite of society and aristocracy, she is happy and content to earn her living working as a seamstress.

Miss Bartlett spends her evenings with many other lonely young women in the Young Women's Friendly club, 2243 California street, and she lives in the simplest manner.

The home of the Bartlett family has been broken up. The mother died when they lived in Hastings, Neb., and the family scattered. The only son is in Kansas City, one daughter is in Los Angeles with her father and the fourth and last member of the family is toiling daily in Denver.

One of the most precious wedding presents received by Miss Bartlett's father and mother when they were married in 1858 was a portion of a set of dishes brought to America by the Bartlett brothers in the Mayflower. These are the last dishes that are known to exist which came over in the old ship in 1620.

Miss Lula Bartlett, of Denver, is now the happy possessor of these valuable and historic pieces of chinaware.—Denver Times.

### NATURAL BRIDGES.

It is commonly believed that natural bridges, of which the natural bridge of Virginia is the best known American example, are due to the falling in of cavern roofs, leaving only a part to span the stream which the destruction of the cavern has brought to the surface.

By a study of the North Adams natural bridge Prof. Cleland has been led to the conclusion that in this case at least the origin is quite different. In this case the bridge seems to be due to the solution of the limestone along a joint plane near the former course of Hudson Brook.

At first only a small amount of water seeped along the joint plane but after a while it made a channel large enough to divert the entire brook under the surface, giving rise to the bridge. Walcott had previously offered a similar theory for the natural bridge of Virginia, and Cleland concludes that, while the falling in of cavern roofs may occasionally give rise to natural bridges, the most common cause for such bridges in marble, limestone, sandstone and lava is that outlined above.

DIAMONDS FOR CHRISTMAS!

However true the state-

ment that the purchase of

diamonds is an investment,

it is old and hackneyed.

We do not offer this as an

inducement to buy our dia-

monds.

We offer something vastly

more important, a sort of

diamond insurance.

We offer an unequalled

knowledge of our business,

backed by years of study

and experience, special buy-

ing facilities, and a sterling

reputation for honesty and

good taste. Come and see

our Christmas display of

Diamonds, Watches,

Jewelry, etc., never larger

and better.

husband, who has been there for

several weeks.

Rev. J. M. Rasnake, pastor of the

Universalist church, will preach at

Charleston, Hopkins county, next

Saturday night and Sunday.

## AMUSEMENTS.

The Jamestown New York Press

says:

"The walls of the Samuels almost

bulged with the audience gathered

to pass upon the performance of a

'Woman of Mystery' by Courtenay

Morgan, last evening. The company

gave a fine production of the play.

The stage settings were superb.

Miss Morgan is a beautiful and tal-

ented actress. Her personal charm of

face and form fitting the character

of Ayesha exactly, and the aplausus

she received was merited genuinely. She is ideal."

This great play will be presented

at Holland's Opera House, Friday

night, Dec. 14.

## THE RED SHOW.

North Bros., comedians in repe-

toire carrying their own Lady or-

chestra, 6 vaudeville acts and pre-

senting a line of modern plays, have

become known as the Red Show.

Miss Virginia Goodwin and Mr. Harry

Chaffin North are at the head of the

company. Two of America's fore-

most leading repertoires. In the sup-

port, are such noted actors as Mr.

George Hanna and Mr. D. C. Shel-

ton, who have been associated with

the best in Drama.

North Bros., come to the Opera

House for a week's engagement,

commencing Monday Dec. 17.

PRICES: 10, 20 and 30c.

### Advice from the Woodman!

When everything seems up a stump,

And fortune is "agin" you,

Don't pine. Spruce up---show the world  
You've got the timber in you.

Andrew Carnegie, Rockefeller, the Vanderbilts and Russell Sage saved a part of their income and put it away in the bank. When the time came for them to make investments they had something saved up. Money rules the world. Without money you are without friends.
